DOMINION ORDERS IN COUNCIL.

[98.]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 20th day of January, 1912.

PRESENT:

HIS ROYAL HIGHNESS THE GOVERNOR-GENERAL IN COUNCIL.

THE Minister of the Interior submits, under date the 18th December, 1911, that in August, 1906, Mr. Edward Thomas, of Vancouver, applied to the Department of the Interior for permission to purchase for brick manufacturing purposes, Legal Subdivision 13 of Section 14, Legal Subdivision 16 of Section 15, and Legal Subdivisions 4 and 5 of Section 23, in Township 5, Range 5, west of the 7th Meridian, being in the Railway Belt in the Province of British Columbia;

That an inspection of the tract applied for was made by the Agent of Dominion Lands at New Westminster, who reported that the land contained a deposit of clay suitable for brick manufacturing purposes, and that he was not aware of any objection to the sale being carried out subject to operating conditions;

That the applicant was accordingly advised that his application for permission to purchase the lands applied for at the rate of \$1 an acre would be considered, provided that a brick manufacturing plant were installed and in operation within a certain specified time, and provided he had actually produced within the same period not less than 300,000 bricks, the sale to be subject to the rights of the Provincial Government in respect of minerals, no patent to be issued until satisfactory evidence had been furnished to show that the above conditions had been fully complied with.

The Minister states that evidence has now been furnished the Department of the Interior to show that a brick manufacturing plant, having a capacity of 40,000 bricks per diem, has been installed on the land in question, and that not less than 500,000 bricks have been actually manufactured. This evidence has been duly confirmed by an inspection made by an officer of the said Department.

A portion of the tract applied for is included in a timber berth held under licence from the Crown, but since the application has now complied fully with the terms of the sale, and as payment of the full amount of the purchase price has been made, the Minister recommends that he be authorized to issue patent in favour of the applicant, or his assigns, for the available surface and clay rights of the land in question, reserving, however, the timber on any portion of the tract which may be included in a timber berth held under licence from the Crown, together with the right to enter upon the land for the purpose of cutting and removing any such timber.

The Committee submit the same for approval.

RODOLPHE BOUDREAU,
